

Our history, Our mission, Our purpose

The Multicultural Alliance traces its lineage to 1927 with the founding of NCCJ, an organization devoted to the elimination of bias, bigotry and racism.

In 1951 the Fort Worth chapter was created and in 2006 the National NCCJ organization disbanded and requested that each local chapter form its own independent 501(c)3 status. With this separation, the local board members decided to change the name of the organization to the Multicultural Alliance and continue the mission and purpose.

Today, the mission of the Multicultural Alliance is to promote inclusion, diversity and understanding while working toward eliminating bias, bigotry and oppression in our community.

The Multicultural Alliance provides programming and educational forums that illuminates the opportunities and challenges of living in a pluralistic and harmonious society.

The ultimate goal is to achieve a society in which the ideals of compassion, equity and justice become the standard of all relationships.

Workshops and Presentations

The Multicultural Alliance develops and presents workshops on a wide variety of issues related to diversity, dialogue, civility, social justice for local schools, organizations, and corporations.

Seminary Retreat: Sharing our Faith Traditions

Seminarians from religious graduate institutions participate in this interreligious retreat. The themes and discussions are led by representatives of various religions, including faculty from seminaries and clergy from churches, mosques, and synagogues. The goal is to help prepare outstanding seminarians for their future roles as religious leaders in an interfaith and pluralistic community.

Camp CommUNITY

This leadership institute (formerly known as Anytown, TX) was established in 1982. Camp CommUNITY is a 5-day residential experience, bringing together selected high school students throughout Tarrant County from various backgrounds, beliefs and opinions. The goal is to help students learn how to live successfully in a pluralistic and harmonious society by acquiring the skills and insights to gain personal knowledge, create friendships across cultures, and promote positive change. Under the guidance of a skilled staff, Delegates recognize and discuss social issues encountered on a daily basis and work with one another to create an inclusive community where everyone can: Be yourself, Be heard, Belong.
